

MARCO MELANDRI

# GP.1EVO: MADE FOR RACING

GP1 EVO IS THE ULTIMATE RACING BOOT FROM GAERNE'S RESEARCH CENTRE, DEVELOPED IN COOPERATION WITH PROFESSIONAL RIDERS. FLOATING SYSTEM ALLOWS THE FOOT TO MOVE NATURALLY AND PREVENTS ANKLE TWISTING, TWO RUBBER INSERTS ON THE INNER CALF AND HEEL PROVIDE ADDITIONAL GRIP AND PROTECT THE LEG FROM HEAT. ADJUSTABLE AND REPLACEABLE BOA IP1 REEL ENABLES A CUSTOM-FIT AROUND THE CALF AREA. HIGH-WEAR-RESISTANT MAGNESIUM TOE SLIDER AND VARIABLE DENSITY, OIL AND WEAR-RESISTANT RUBBER SOLE FEATURES THIS MADE IN ITALY TOP OF THE RANGE RACING BOOT.

GAERNE FLOATING SYSTEM:

Made of carbon composite, allows the foot to move without compromising flexibility and

preventing hyper extension or compression.

**SHOCK ABSORBING HEEL CUP:**  
Non-deformable polyurethane heel cup is protected by a replaceable low-friction magnesium slider. Anti-shock heel features an internal comfort-enhancing decompression zone, located between the insole and sole; the inserts are highlighted externally in red.

GRIP GUARD:

Two rubber inserts (inner calf and heel) provide additional grip and protect the leg from engine/exhaust heat.

BOA® | IP1 |  THE BOA GUARANTEE

ADJUSTABLE CALF CLOSURE SYSTEM:

Adjustable and replaceable BOA IP1 reel enables a custom-fit around the calf area

SLIDER:

High-wear-resistant magnesium toe slider allows for totally free foot movement. Attachment points are well away from the areas that normally suffer from abrasion.

SOLE:

Variable density, oil and wear-resistant, rubber sole features a unique design that provides excellent grip.
