ENGINE
product overview

- All kits include the piston, pin, rings and clips
- Available in standard graded sizes (A, B, C, +) & Bore oversizes
- Coated for ultimate performance
- Compatible for nikasil plated and sleeved cylinders

PISTONS

PISTON KITS • PISTON RINGS • PISTON PINS • NEEDLE BEARINGS • PISTON CLIPS

The heart of our business! Our ProX pistons are mainly manufactured in Japan at Japanese O.E. manufacturers. The pistons are precision machined on the latest, state of the art CNC equipment. Our pistons are made of the same low-expansion and low-friction alloys as used by all major (Japanese) piston manufacturers.

ProX piston kits are a genuine, first class solution to replace the original piston of your motorcycle, ATV, personal watercraft or snowmobile engine.

Coated for ultimate performance
Most of the ProX pistons are skirt or dome coated. Our OEM style tin coated pistons assist the wear in process when you just started the engine. We have developed a new skirt coating that not only assists the wear in process, but also helps reducing friction after the wear in.

This black coating is made from a delicate mix of materials and will increase performance.

- Manufactured by leading Japanese OEM factories
- Double forged on dedicated forgings
- Shot peened & barreled
- Single rod kit available where OEM only offers a complete crankshaft

CONNECTING RODS

CONNECTING RODS • BEARINGS • WASHERS • PINS

One of our core product lines, where we became famous with as well. Our ProX connecting rod kits, including the bearing, pin and washers are made out of the toughest alloys available today and are made in Japan! OEM specifications and tolerances are meticulously maintained, a guarantee for easy installation and troucle free performance.

Shot peening & barreling

The design of a connecting rod is very important to guarantee the lifespan and the performance. Our connecting rods are barreled and shot peened to improve the surface texture. Shot peening eliminates residual stress and smoothly blends the forging surfaces.

Double forged on dedicated forgings

This process maintains superior strength, durability and dimensional consistency through improved grain flow.

ProX oiling system

Our ProX oiling slots are precisely located to maximize lower rod oiling and extend bearing life. Even under the most extreme conditions the rod will do its job. ProX connecting rod kits come complete with crankpin, big-end bearing, small-end bearing and washers.

ENGINE
product overview

- High Quality, made in Japan
- Made to exact OEM specifications to offer maximum performance and durability
- Matches wit all other ProX or OEM clutch components
- Full program for MX and ATV models available

CLUTCH COMPONENTS

CLUTCH BASKETS • INNER HUBS • PRESSURE PLATES • SPRING KITS • CLUTCH RUBBERS • FRICTION & STEEL PLATES

ProX clutch components are made by leading Japanese O.E. manufacturers from the finest materials. The high quality and well-priced clutch components are chosen by many riders and race teams.

We stock clutch parts for almost every Dirt Bike and ATV applications. ProX offers the complete package to guarantee the best performance!

- A direct and cost-efficient OEM replacement
- Manufactured of premium grade steel and titanium
- Incremental shim sizes by 0.025 mm
- Titanium to valve steel conversion kits increase durability

VALVE TRAIN COMPONENTS

CAM CHAINS • VALVE SEALS • VALVE SHIMS VALVE REPLACEMENT KITS • STEEL VALVES TITANIUM VALVES

When 4-stroke engines became more and more common in most of the powersports applications, ProX has developed a wide program of valve train components. Our wide range of steel and titanium engine valves are top of the bill!

Next to our selection of single valves ProX offers a wide range of conversion kits to replace the more expensive and less durable titanium valves into steel valves kits including the matching valve spring.

When repacing valves, we recommend to replace the cam chain as well. And guess what, ProX offers a wide range of cam chains for many Dirt Bikes and ATV's!

After installing valves, the clearance need to be matched to OEM specifications. To do this job right we offer many sizes of shims in many thicknesses. Besides incremental sizes of 0.05 mm, we also offer all "in between" sizes 0.025 mm and 0.075 mm. Together with our valve stem seals, you will be all set to replace the valves.

ENGINE
product overview

- Manufactured of premium base materials
- Precision cut for optimal fit and perfect seal
- Cost efficient assembly

GASKETS

COMPLETE SETS • TOP END SETS • HEAD & BASE SETS • WATERPUMP REBUILD SETS • CLUTCH COVER • IGNITION COVER

Prox gaskets are manufactured by high quality factories to ProX specifications to ensure top quality sealing. Precision engineering and the use of first class materials guarantee the quality you demand from a gasket. The gaskets are complementary to our pistons, crankshafts and connecting rods, so we developed a range of different sets, which will suit your rebuilding job best.

To ensure superior performance, we manufacture our gaskets from a wide range of materials. Whether the situation calls for the latest in advanced technology like our multi-layer steel gasket or a synthetic blend fiber, ProX offers a wide range of products your application will suit best.

- High quality, mainly Japanese bearings
- Developed to OEM specifications
- A direct and cost efficient OEM replacement
- Available in different clearance ratings

BEARINGS

A-ARM BEARING KITS • BALL BEARINGS • STEERING BEARINGS • WHEEL BEARINGS • WHEEL SPACER KITS

Many bearings for many applications and purposes are available from ProX Racing Parts. A wide variety of high quality ball and roller bearings, like crankshaft bearings, steering bearings, swingarm bearings or wheel bearings, ProX has them all. And of course in the best quality available.

You will only find top quality brands from Japan like KOYO, NTN, HIC, MBS, etc. This will enable you to rebuild your specific assembly to, reliable and as new specifications.

- All components you need in one kit
- NOK Front fork seals and dust caps

SUSPENSION

FRONT FORK SEALS • DUST CAPS • BUSHING KITS • SHOCK BEARING KITS • REAR SHOCK SEAL HEAD KITS • SWINGARM BEARING KITS • LINKAGE BEARING KITS

To rebuild your front fork, swing arm or linkage, ProX offers a wide program of front fork seals, dust caps, swing arm bearing kits, swing arm linkage bearing kits, upper shock bearing kits and lower shock bearing kits for many Dirt Bike and ATV applications.

All kits come as complete set with bearings, bushings and seals. All these kits are pre-packed and are ready for easy installation. ProX front fork oil seals and dust caps are made at the O.E. manufacturers in Japan. For almost every Dirt Bike application we have the right seal. The high quality and competitive pricing made them a very popular item in our range. The way to go!

- Front and rear brake pads
- Self cleaning disc rotors for ultimate performance

BRAKE PARTS

BRAKE DISCS • BRAKE PADS • BRAKE REBUILD KITS

To stop all the horse power our parts give your engine, we also offer you our brake parts. Our brake pads, brake discs and rebuild kits for master cylinder brake pumps or calipers offer the best performance! For the perfect match we recommend using ProX brake disks with a matching pad compound. The caliper rebuild kits and master cylinder rebuild kits are assembled with high quality components all designed and manufactured to meet or exceed the OEM parts. Each kit contains all the necessary components to rebuild.

SERVICE
product overview

- Aluminium and steel rear sprockets
- Drive chain in standard and gold
- Mud grooved front sprockets
- Chain rollers and more…

TRANSMISSION PARTS

CHAIN ROLLER • COUNTERSHAFT SEAL KITS • DRIVE CHAIN • FRONT SPROCKETS • REAR SPROCKETS

Get the power to your wheels! ProX offers sprockets and drive chains for your secondary transmission! A complete line of front and rear sprockets and complementary parts like drive chains, countershaft seal kits, chain rollers and sprocket bolts is available.

We offer aluminium and steel rear sprockets and our drive chains are available in a standard and a gold version. The perfect match!

- Black PVC outer jacket for maximum flexibility and durability
- Steel inner casing, tightlycoiled for low compression
- A pre-lubricated nylon inner sleeve guarantees smooth operation and long life
- Steel inner casing that is tightly coiled for low compression

CABLES

CLUTCH CABLES • THROTTLE CABLES

Our clutch & throttle cables are equipped with pre-lubricated nylon inner sleeves and tightly coiled inner casings. Combined with a flexible PVC outer jacket and strong steel inner cable they offer high durability and smooth control.
The cables are easy to assemble due to the appropriate length for your application and come with all necessary mounting parts. Our thorough quality control and use of high quality materials guarantee the perfect fitment. ProX Racing Parts offers a wide range of control cables for an extended range of Dirt Bike applications.

- ProX jets are made in Japan to exact OEM specification
- Your cost efficient alternative for expensive original parts
- ProX Carburetor rebuild kits are complete including needle and jet

FUEL MANAGEMENT

CARBURETOR REBUILD KITS • CARBURETOR JETS

Fuel systems are becoming more and more digital by having injection systems, but a lot of Dirt Bikes, ATV's and many other application do have regular carburetors, where main and pilot jets are used.

ProX Racing Parts offers a wide program of single jets and complete carburetor rebuild kits.

- High quality filters manufactured from the finest materials
- Optimized to secure maximum flow

FILTERS

OIL FILTERS • AIR FILTERS

ProX Racing Parts oil & air filters are high quality filters manufactured from the finest materials only. To reach the high level of quality and consistency, the raw materials are supplied by a selected group of leading manufacturers in the industry. The various quality control steps in the manufacturing process makes the ProX oil and air filters one of the best filters in the world. Available for a wide range of Dirt-bike and Sport ATV model.

Our ProX Air Filters are made of premium dual stage bonded foam to filter out the smallest dirt particles and at the same time offers optimal airflow. A thick, flat foam sealing ring provides a perfect seat against the air box, protecting against dirt and sand even in the most extreme riding conditions. The exclusive design and special production process brings the perfect combination of protection and performance!

PISTON PINS (O.E.M. REPLACEMENT PINS)

ProX Racing Parts offers a wide range of piston pins in many sizes and specifications. We offer straight wall and tapered wall pistons pins. Our chromed pistons pins are specially designed for the application. Every **ProX** piston pin is machined precisely and treated to get the best hardness and properties to stand the extreme conditions where it is used for.

PISTON CLIPS (O.E.M. REPLACEMENT CLIPS)

ProX Racing Parts offers a wide range of clips for many piston diameters in different styles depending on the application:

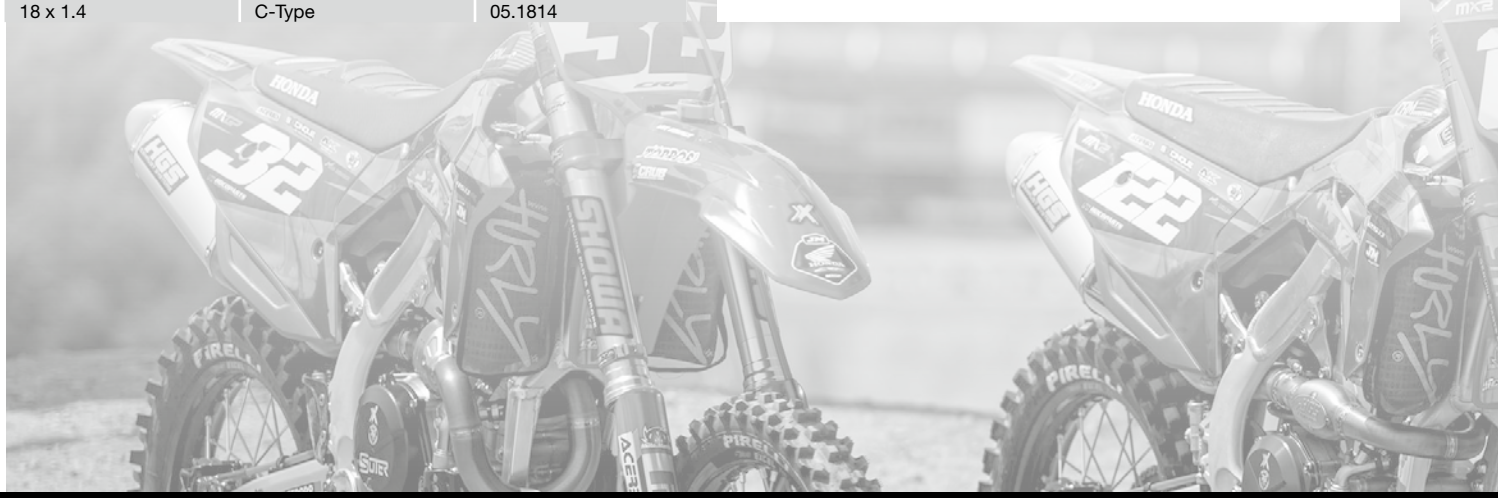

- C-style
- G-style

Piston clips are not just a circled wire. They avoid the pin to move in the piston bosses. Do not underestimate the forces on the pin during operation.

Size (mm)	Remarks	Part No.

PISTON PIN BEARINGS (O.E.M. REPLACEMENT BEARINGS)

ProX offers a complete line of piston pin bearings for the Dirtbike, ATV, PWC and 50cc/scooter segment. The pistons pin bearings are manufactured by the leading Japanese OEM factories. All pistons pin bearings are designed and developed to OEM specifications and are a direct and cost efficient OEM replacement. Full line of piston pin bearings for Dirtbike, ATV, PWC and 50cc/scooter available from ready stock.

ProX Piston Pin Bearing features

- Manufactured by leading Japanese OEM factories.
- Designed to exact OEM specifications to be a direct and cost efficient OEM replacement.
- Complete line for Dirtbike, ATV, PWC and 50cc/scooter available from stock.

CRANKSHAFT OILSEALS (O.E.M. OILSEALS)

ProX offers a wide range of crankshaft oil seals for the MX, ATV and PWC segment. The major part of the crankshaft oil seals are manufactured by the OEM factories in Japan. Premium base materials are made to OEM specs and tolerances for steady and guaranteed quality and superior durability! The **ProX** crankshaft oilseals are assembled in sets to be the easy and cost efficient OEM replacement for each application in the MX, ATV or PWC segment.

CAM CHAINS

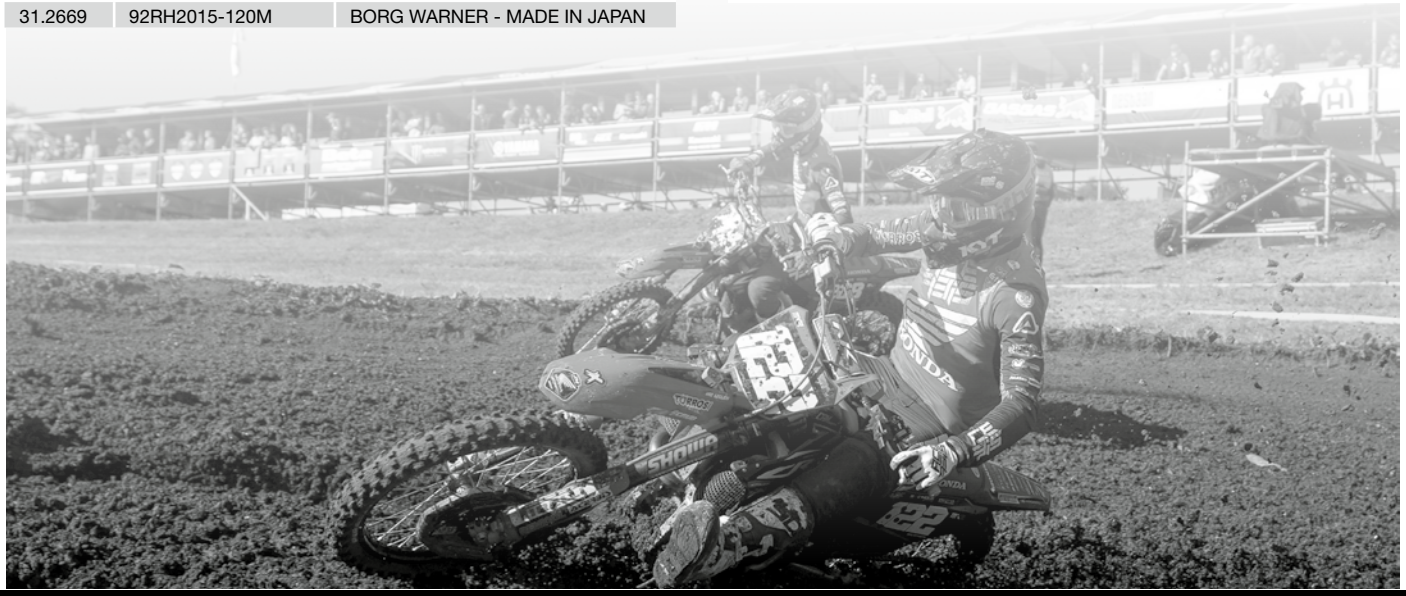

ProX is offering a wide range of camchains for the MX, ATV and Roadbike market. For the supply of the camchains **ProX** has a successful cooperation with Borg Warner in Japan. Borg Warner is a big name in the industry and is known as one of the main suppliers to many OEM companies worldwide. The quality is proven and the range of products is very wide. Since the cooperation between **ProX** and Borg Warner the product program has increased significantly and a complete line of camchains for MX, ATV and Roadbikes is available from ready stock.

ProX Camchain features

- Manufactured in Japan by Borg Warner.
- Designed to OEM specifications.
- Strong M-type chain which has special heat treated pin plus advanced pin and link connection for maximum performance and durability.

ENGINE VALVES (O.E.M. REPLACEMENT & HIGH PERFORMANCE VALVES)

ProX offers a complete range of high quality Titanium Valves for MX and ATV segment. The **ProX** Titanium Valves are forged in one piece for extra strength. The use of a special Ti3Al material in combination with a CrN coating will give the valves better material properties under high temperatures offering greater durability over the OEM Titanium Valves.

Titanium Valve Features

- Forged in one piece for extra strength.
- Use of special Ti3Al for better material properties under high temperatures.
- CrN coating for extra hardness and less friction between valves and guides.
- Greater durability than OEM Titanium Valves.
- Full range of products for MX and ATV available from stock.

Next to the Titanium valves **ProX** also offers a complete line of steel valves. The **ProX** steel valves are manufactured of premium grade steel to exact OEM specifications and tolerances. The **ProX** steel valves are made by the leading OEM factories in Japan and are a direct and cost-efficient OEM replacement. **ProX** steel valves can be used in combination with all the OEM valve train components like valve springs, guides, bases and retainers.
A complete line of steel valves is available for Dirtbike and ATV.

Steel Valve Features

- Manufactured by the leading OEM factories in Japan.
- Made to exact OEM specs and tolerances.
- The steel valves are a direct and cost efficient OEM replacement.
- Complete range for Dirtbike and ATV available from ready stock.

VALVE SHIMS

ProX valve shims are made of premium materials. Specific heat-treatment will ensure hardness of the shims to offer maximum durability and less wear. Next to the specific heat-treatment the shims are precision machined to match exact size.

The **ProX** valve shims are available in complete assortment boxes as well as refill kits. Complete assortment boxes contain a full line of 7.48, 8.90, 9.48 or 10.00 mm shims in thicknesses from 1.20 mm. upto 3.50 mm. with 3 items each size. Refill kits are available for each individual size and are packed per 5 pcs. **ProX** valve shims are the cost efficient and easy replacement for the expensive OEM shims!

ProX Valve Shims features

- Specific heat-treatment ensuring hardness to offer maximum durability and less wear.
- Precision machined to match exact size.
- Available in complete assortment box as well as individual refill kit for all dimensions.
- Cost efficient and easy replacement for expensive OEM shims.
- Will fit wide variety of Dirt Bikes, Road Bikes and ATV's.

VALVE STEM SEALS

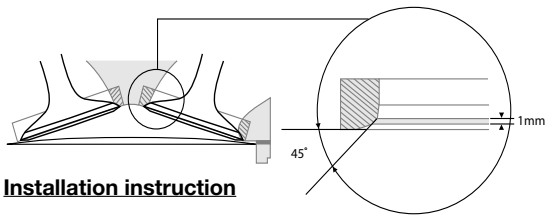

ProX offers a wide range of valve stem seals for the MX, Dirtbike, Roadbike and ATV segment. The seals are manufactured by the leading OEM factories in Japan such as NOK and ARS.
The seals are all manufactered from premium grade materials and are made to OEM specs and tolerances, offering low friction in combination with superior seal for excellent durability.

ProX Valve Stem Seal features
- Manufactured by the leading OEM factories in Japan such as NOK and ARS.
- High quality base materials made to OEM specifications and tolerances for quaranteed quality and superior durability.
- Wide range of valve stem seals for MX, Dirtbike, Roadbike and ATV available.

Valve Installation Instructions

ProX Titanium Engine Valves are manufactured to the highest quality standards and specifications.
By using the latest state of the art Titanium material and coating, the valves have improved properties over the original item.
We would like to support you to achieve maximum durability.
Titanium is a very exotic material which requires you to work after following installation instructions.

Installation instruction

1. Do not touch the valve surface with your bare hands, use gloves or pre lube the valve with engine oil, these precautionary measures will reduce the risk of corroding the coating.
2. Never use a lapping compound on a new valve, take a dummy valve to do this grinding operation.
3. Please take notice; during every rebuild the valve seats must be machined, this to assure a 100 % valve to seat contact and making the seat free from the hardened shell. The width of the contact zone on a valve seat with the valve face should be at least 1mm. In general the angle is 45°, however consult the O.E.M. specification first.
4. New valve seats should be soft, material as Nodular Iron, Bronze, or Beryllium-Copper, all heat treated to Rockwell, RC32 or less. Most of the original valve seats used in combination with titanium valves are made of such an alloy.
   Attention:
   After every rebuild the seat is getting thinner which makes the heat transfer worse, increasing the natural hardening process. The back set position of the valve (Recess) after every time one machines the valve seat, worsening the engine's breathing. Besides of reducing the engine's efficiency this also effects the cooling down effect negatively.
5. Use only original valve springs or ones with forces not exceeding the originals.

NOTES

CLUTCH BASKETS & CLUTCH DAMPENER SETS

(O.E.M. REPLACEMANT CLUTCH BASKETS)

ProX offers a complete line of clutch baskets kits for the Dirtbike and ATV segment. The **ProX** clutch baskets are manufactured from mainly forged 7075 alloy, like the material used in the aircraft and aerospace industry. The use of this material offers improved strength over the OEM die-cast alloy baskets. The **ProX** clutch baskets are machined to exact OEM specifications and tolerances for perfect fit. The complete surface of the baskets is hard anodised for higher mechanical properties and resistance for impact and fatigue. Most clutch baskets come complete with fasteners and damper rubbers for easy installation. The **ProX** baskets will work together with other **ProX** clutch components as well as OEM clutch components. A full line of **ProX** clutch baskets for Dirtbike and ATV models is available from stock.

CLUTCH PLATES

ProX clutch friction and steel plates are manufactured by the leading OEM factories, mainly in Japan. All friction plates are made to exact OEM specifcations and offer maximum performance and durability.

Steel plates offer longevity, durability and feel of the OEM. **ProX** clutch plates sets contain a complete pack of friction or steel plates for the application you need and are the easy and best replacement for your clutch.

All plates can be used in combination with other **ProX** clutch components like the hard-anodised clutch baskets, Inner Hubs, Pressure plates and the heavy-duty clutch spring kits.

ProX Clutch Plate Set features

- Manufactured by the leading OEM factories.
- Made to exact OEM specifications to offer maximum performance and durability.
- Complete Friction or Steel plate sets per application for easy replacement.
- Can be used in combination with all other **ProX** or OEM clutch components.
- Full program for MX and ATV models available from ready stock.
- The best replacement and the choice for every professional rider.

HEAD & BASE GASKET SETS

The **ProX** Head & Base gasket sets gaskets are made of all premium base materials. Each gasket is precision cut for optimal fit and prefect seal. The new **ProX** Head & Base gasket sets just contain 1 head gasket and 1 base gasket. This results in a more cost efficient kit when not all components are being replaced. A full range of Dirtbike Head & Base gasket is available.

ProX Head & Base Gasket Features

- Manufactured of all premium base materials
- Precision cut for optimal fit and perfect seal
- Cost efficient assembly
- Full range of Dirtbike sets available

DRIVE CHAINS

ProX has developped a premium line of Roller Chains to team up together with the **ProX** front and rear sprockets. The **ProX** Roller Chain is a top quality chain, exclusively manufactured for **ProX** by the reputable and leading OEM factory in Japan.
All **ProX** chains are made using highest grade Japanese steel. The MX chains are assembled out of various different compenent that all have their specific and crucial function to make the chain a high quality product.
Specifically for the Offroad, Enduro, ATV and big 4-Stroke Motocross bikes **ProX** also offers a lightweight, narrow type X-Ring chain using a QX-type seal offering 40% less friction and at least 150% increased durability over a standard MX Chain.
All **ProX** chains are pre-stressed and pre-stretched to reduce initial chain stretch and immediate performance and come with a clip type chain link as standard.

BRAKE PAD SCHEMATICS

ProX offers a wide program of high quality dirt bike brake discs, manufactured from specially hardened premium quality Stainless Steel. The **ProX** brake disc line is the ideal budget OEM-replacement brake disc. The specific lightweight wave designed brake discs comes with integrated venting slots to offer optimal cooling and cleaning of the brake pad contact surface. These features result in high performance and linear braking with very low brake pad wear. For best performance we recommend using **ProX** brake pads with a matching pad compound. The **ProX** brake pad schematics do show **DIMENSIONS** and shape of each indivial brake pad set.

FRONTFORK OIL SEALS & DUST SEALS
(O.E.M. REPLACEMENT OILSEALS & DUSTSEALS)

ProX offer a wide range of frontfork oilseals and dustseals for the MX and Dirtbike segment. Most of the seals are manufactured by the leading OEM factories in Japan such as NOK. The seals are all manufactered from high quality base materials and are made to OEM specs and tolerances to guarantee quality and superior durability. Forkseals and dustseals are available in sets of 2 oilseals or 2 dustseals, in bulk packaging of 10 oilseals or 10 dustseals and also in sets of 2 oilseals plus 2 dustseals for a complete frontfork rebuild.

ProX Fronfork Oilseals and Dustseals features
- Manufactured by the leading OEM factories in Japan such as NOK.
- High quality base materials made to OEM specifications and tolerances for guaranteed quality and superior durability
- Available separately or in sets to be a simple and cost efficient OEM replacement.
- Full range of oilseals and dustseals for MX and Dirtbike available from ready stock.

ELECTRONICS

HOUR METERS

WIRED HOUR METERS

ProX offer two different wired meters. The Hour Meter, which shows the hours the engine has ran and the Hour/Tach meter that displays the engine running hours and RPM as well when the engine is running. When the engine is off the meter shows total hours accumulated. Both meters' display can be read at all times, with engine off or on. There is no clicking like mechanical meters. Also the encapsuled epoxy case is water resistant and shock proof.

ProX Hour/Tach Meter Features :

- Works on all 2/4 stroke gasoline engines up to 2 cylinder including newer FI bikes.
- Easy installation, no wiring necessary just plug and play.
- Adjustable RPM input for dual or single spark ignition systems.
- Real time reading of tach upto 20.000 rpm.
- All flash alerts count down the last 10 hours left before service.
- All flash alerts are easily reset with a touch of a button.
- Meter also includes timer mode to record individual riding sessions.
- Total hours accumulated is not re-settable and cannot be erased.
- No power required, includes a 10 year battery sealed inside.
- 100% epoxy encapsuled casing is water restistant and shock-proof.

43.HM002	Prox Hour/Tach Meter

NOTES

PROTECTION

FRONT FORK SEAL PROTECTORS

The ProX neoprene fork seal protector is a great and simple product to prevent blown fork seals from dirt getting stuck in the seal lips. Simply sliding down the neoprene sleeve to your fork leg, covering the seals and you're good to go. The sleeve will be kept in place with zip ties provided.

The stretchy and durable neoprene material protects the fork tube and fork seal from sand, rocks and other dirt while it does not deteriorate from fork oil.

ProX fork seal Protectors are sold in pairs and do fit various diameter of fork legs from 44 mm. up to 50 mm. Also each set is available in 2 lengths, a 360 mm length will cover the entire fork tube and a 130 mm length will cover the fork seal and short part of the fork tube. The full length 360 mm. can be used for bikes using open type fork leg guards and the shorter 130 mm. type can be used for most bikes using closed type fork leg guards.

ProX Racing Parts neoprene fork seal protector features :

- Ultimate protection against sand, rocks or dirt
- Available in different length for optimal fit
- Simple and easy fit
- Sold in pairs including zip ties

PISTON DIMENSIONS

2-STROKE

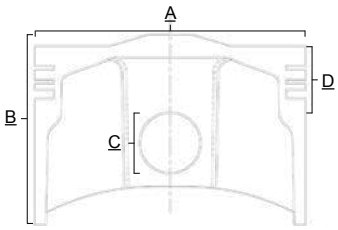

A = Diameter *
B = Total height
C = Pinhole diameter
D = Compression height
E = Ring location pin position from center
F = Ring location pin position from center
G = Pin boss spacing

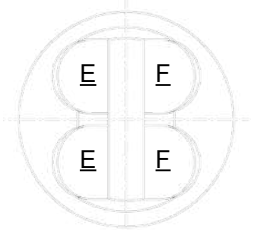

All dimensions in mm.
* In case of cast iron cylinder, piston bore diameter is mentioned.
* In case of nicasil cylinder, actual piston diameter is mentioned.

PROMOTIONAL APPAREL

NOTES

NOTES

GENERAL TERMS AND CONDITIONS OF RACE WINNING BRANDS EUROPE B.V., whose corporate seat is in Nieuw Vennep, The Netherlands.

1. DEFINITIONS
'The Purchaser' means any individual or legal entity that has placed the order; 'the Seller' means the legal entity that has accepted the order. The Seller using these conditions is: Race Winning Brands Europe B.V.

2. APPLICABILITY OF THESE TERMS AND CONDITIONS
2.1. These terms and conditions shall apply to all offers and all agreements between the Seller and the Purchaser.
2.2. These terms and conditions shall also apply to all agreements with the Seller for the execution of which third parties have to be engaged.

3. QUOTATIONS
3.1. The Seller's quotations are free of commitments and lapse fourteen (14) days after the quotation date at the latest.
3.2. Delivery dates and other time-limits in respect of services to be performed by the Seller that are mentioned in the Seller's quotations are meant to give information only: if they are exceeded, the potential Purchaser will not be entitled to any compensation or to dissolution of the agreement.
3.3. Price quotations by the Seller are, unless stated differently, based on work carried out during regular working hours and exclusive of transport, packaging, delivery and installation costs, VAT and other government levies.
3.4. A composite quotation does not obligate the Seller to deliver part of the goods included in the offer at a corresponding price, nor does this offer automatically apply to repeat orders.
3.5. The Seller shall be bound by its offer only in the event that the acceptance thereof by the potential Purchaser is confirmed in writing within 14 days.

4. DELIVERY AND PARTIAL DELIVERY
4.1. Unless otherwise agreed, deliveries, in all countries of the world, will be ex store, ex factory or ex depot. If the delivery is subject to one of the 'Incoterms', the 'Incoterms' in force at the moment the agreement is concluded shall be applicable.
4.2. The Purchaser is obligated to take possession of the purchased goods at the time of delivery or at the time the goods are to be made available to him as specified in the agreement.
4.3. If the Purchaser refuses to take possession of the goods, or fails to provide information or instructions that are essential to delivery, the goods will be stored at the cost and risk of the Purchaser. In that case, the Purchaser shall bear any additional costs, including, in any event, storage costs.
4.4. The Seller is allowed, after informing the Purchaser thereof in writing, to deliver the goods sold in parts. The foregoing does not apply if a partial delivery does not have any independent value. If the goods are delivered in parts, the user is entitled to invoice each part separately.
4.5. Packaging, if necessary, which is to be judged by the Seller, is calculated at cost price and will not be taken back.
4.6. As from the time that the goods leave the Seller's warehouse, factory or depot, the risk in the goods shall be with the Purchaser, also in the event of carriage-paid delivery. At the request of the Purchaser, the Seller will take out a transport insurance policy with respect to a delivery. This transport insurance policy will be taken out following the receipt of the Purchaser's request in writing only. The Purchaser shall bear the costs of the transport insurance concerned.

5. PERIOD OF DELIVERY
5.1 Delivery dates indicated by the Seller are approximate only and are never firm dates that must be observed on penalty of forfeiture of rights.
5.2 Accordingly, if the Seller fails to deliver in time, the Purchaser shall give notice of default to the Seller and grant the latter a reasonable period of time to fulfil its obligations after all.
5.3 The period of delivery mentioned by the Seller commences after the receipt of all necessary information and means of payment. If the order is changed prior to the date of delivery, the period of delivery will be extended accordingly.

6. TECHNICAL REQUIREMENTS ETC.
6.1. If the goods to be delivered in the Netherlands have to be used abroad, the Seller cannot be held liable for non-compliance with technical requirements, standards and/or rules prescribed by acts or regulations in the country where the goods have to be used.
6.2. At the time the contract of sale is concluded the Purchaser shall expressly mention in writing any other technical requirements set by the Purchaser with respect to the goods to be delivered and which deviate from the usual requirements.

7. SAMPLES, MODELS AND EXAMPLES
7.1. Models, samples or examples that are shown or provided by the Seller to the Purchaser, are supposed to give an indication only: the qualities of the goods to be delivered can deviate from the model, sample or example, unless it was expressly stated that the good to be delivered would be in accordance with the model, sample or example shown or provided.

8. DISSOLUTION OF THE AGREEMENT
8.1 An agreement concluded between the Seller and the Purchaser may be dissolved forthwith by the Seller in the following cases: a. if, after the agreement has been concluded, the Seller learns of circumstances that give him reason to fear that the Purchaser will not be able to meet its obligations vis-à-vis the Seller; b. if the Seller, at the time the agreement has been concluded, asked the Purchaser to provide security for the performance of his obligations and the Purchaser fails to comply herewith or complies herewith insufficiently, despite a demand letter. In the aforementioned cases the Seller may postpone its performance of the contract of sale, or to dissolve the same, without prejudice to the Seller's right to claim compensation.
8.2 In the event that there are circumstances with respect to persons and/or materials that the Seller uses or tends to use in carrying out the agreement, which are of such a nature that they make the execution of the agreement impossible or so problematic and/or disproportionately costly that the Seller cannot reasonably be expected to perform the agreement, the Seller is entitled to dissolve the agreement.

9. WARRANTY
9.1.There is a one-month warranty period effective from the invoice date. The warranty is limited to the delivery of a replacement article. The warranty does not include labour cost or any other costs arising from the replacement of the article. The warranty referred to will not apply if the article is used for racing purposes, or has been subject to misuse, abuse, faulty and/or wrong applications, neglect (including but not limited to improper and/or defective maintenance), accidents, wrong installation, modifications (including but not limited to the use of improper components) or adjustments or repair work carried out by incompetent persons.
9.2. Immediately after receipt, the Purchaser shall check all products delivered by the Seller for defects and/or imperfections, as referred to under clause 12 of the General Terms and Conditions.
9.3. If the warranty pertains to a product manufactured by a third party, the warranty shall be limited to the warranty provided by the producer concerned with respect to the product involved.

10. LIABILITY
1. The Seller is liable only for damage or loss sustained by the Purchaser that is the direct and exclusive result of any shortcoming in the performance imputable to the Seller, on the understanding that any compensation is limited to the Seller's sum insured or the sum for which the Seller reasonably ought to have been covered in view of common practice in the relevant industry sector, subject to the following restrictions: (a) the Seller is never liable for any direct or indirect damage or loss in connection with the use of articles of the Seller; (b) the Seller is never liable for any damage to or loss of goods; c. the Seller is never liable for any damage or loss incurred as a result of any failure to deliver articles or to deliver them in a timely fashion; d. the Seller is never liable for damage or loss incurred as a result of any advice rendered by employees of the Seller in respect of quality, design standards, dimensions, applications, or any other advice; e. the Seller is never liable for any consequential loss (including loss of profits) suffered by the Purchaser or third parties.
2. The Purchaser indemnifies the Seller against all damage claims of third parties vis-à-vis the Seller in connection with the use of the articles, models, samples etc., or other goods or data delivered by the Seller, and is liable for all costs that may arise thereunder.

11. RETENTION OF TITLE AND RIGHT OF RETENTION
11.1.Title to goods delivered by the Seller shall not pass to the Purchaser until the latter has fulfilled all obligations arising from any sales contract concluded between the Seller and the Purchaser.
11.2. Goods that are delivered by the Seller and that are subject to retention of title, as set out under clause 11, subclause 1, may be resold in the ordinary course of business only and may never be used as a means of payment.
11.3. The Purchaser may not pledge the goods that are subject to retention of title nor encumber them in any other manner.
11.4. The Purchaser shall give the Seller or a third person to be appointed by the Seller its unconditional and irrevocable consent to enter upon all places where the Seller's goods can be found to repossess the same, in all cases that the Seller wants to exercise its proprietary rights.
11.5. If third parties seize delivered goods that are subject to retention of title or wish to establish or enforce rights on the same, the Purchaser is obligated to notify the Seller thereof as soon as may reasonably be expected.
11.6. The Purchaser shall insure the goods delivered subject to retention of title and keep them insured against fire, flood damage or damage caused by explosion, as well as theft and to submit the insurance policy for inspection upon first request.
11.7. Without prejudice to the statutory right of retention, the Seller is entitled to retain any of the Purchaser's goods that have been put at its disposal, irrespective of the legal basis for transfer, until the full settlement of all debts owed by the Purchaser to the Seller, for whatever reason, unless the Purchaser has provided sufficient security in respect of the debt concerned. The Seller also has a right of retention in the event that the customer goes bankrupt.

12. DEFECTS, COMPLAINTS PERIODS AND PRODUCT RETURNS
12.1 The Purchaser shall examine the purchased goods (or have them examined) at the time of delivery or as soon as possible thereafter. The Purchaser shall check if the delivered goods correspond with what had been agreed upon, to wit: a. if the proper goods have been delivered; b. if the quantity (for example, the amount and the number) of the delivered goods correspond with what had been agreed upon; c. if the delivered goods meet the agreed quality requirements or, in the absence thereof, the requirements relating to normal use and/or commercial purposes. The use of engine components specifically for the purpose of racing shall not be regarded as 'normal' use, but as 'specific' use. The nature of the components entails that these have been specially developed for motorcycle racing. The products are lightweight and high-tech in order to enable them to ensure high performance. This may result in high levels of wear and tear, as well as the increased likelihood of breakage and defects in extreme conditions.
12.2 If visible defects or shortages in quantity are discovered, the Purchaser shall notify these to the Seller within three (3) days of the date of delivery.
12.3 The Purchaser shall notify invisible defects to the Seller in writing within three (3) days of discovery but in any case, within 14 days of the date of delivery at the latest.
12.4 Even if the other party submits a claim in time, such party continues to be obligated to fully pay and purchase the orders placed in accordance with the terms of payment fixed.
12.5 Goods can be returned only following the Seller's previous consent in writing.
12.6 Goods that have been ordered by mistake must be sent back to the Seller in the original
packaging material and must be in a perfect and complete state. These goods must be sent, carriage paid, to the Seller's address within four (4) weeks, accompanied by a copy of the original invoice and a brief explanatory note.

13. PRICES - PRICE INCREASES
13.1 Unless otherwise expressly stated, our prices are quoted:
- in Euro currency
- exclusive of VAT
- exclusive of transport costs
- ex works, ex store, ex depot
- if the payment terms have been complied with.

13.2. If the Seller and the Purchaser have agreed on a specific price, the Seller will nevertheless be entitled to increase the price, if the Seller is able to prove that there have been significant changes in the prices of raw materials, in currencies and/or wages or in other circumstances that could not have been anticipated between the time of the offer and the time of delivery.
13.3. If the price increase exceeds 10%, the Purchaser is entitled to dissolve the agreement.

14. PAYMENTS AND DEBT COLLECTION CHARGES
14.1. Payments must be effected cash on delivery, through automatic debt collection or in advance through SWIFT, unless otherwise expressly agreed in writing.
14.2. If goods are delivered on account, payment must be effected within 30 days of the invoice date in a manner to be indicated by the Seller and in the currency used in the invoice.
14.3. After the expiry of 30 days from the invoice date, the Purchaser is in default by operation of law; with effect from the date on which said default commences, the Purchaser shall owe interest at the rate of 1% per month in respect of the amount due and payable, unless the statutory interest rate is higher, in which case, the latter rate shall apply.
14.4. In the event of liquidation, bankruptcy or suspension of payments of the Purchaser, the Seller's claims and the Purchaser's debts owed to the Seller shall be immediately due and payable.
14.5. Payment must be effected without any discounts or set-off.
14.6. Any payments effected by the Purchaser shall serve to settle: firstly, all owed interest and costs, secondly, all exigible invoices that are outstanding for the longest time, even if the Purchaser states that the settlement pertains to a later invoice.
14.7. If the Purchaser fails to perform any of his obligations, all judicial and extrajudicial costs incurred for the purpose of enforcing payment are chargeable to the Purchaser, subject to a minimum amount of EUR 30.
In the event that the Purchaser fails to perform any contractual or other obligation, all judicial and extra-judicial costs incurred in order to obtain payment from the Purchaser shall be chargeable to the Purchaser's account. The extra-judicial collection costs are fixed at 15% of the principal with a minimum of EUR 30.
14.8. If the Seller is able to prove that it has incurred higher costs, which, in fairness, it was obliged to incur, the additional costs also qualify for compensation.

15. FORCE MAJEURE
15.1. If the Seller by reason of circumstances or events beyond the Seller's control is hindered from performing its contractual obligations, the Seller is entitled, without judicial intervention being necessary and without prejudice to the Seller's other rights, to suspend the execution of the agreement or to declare that the agreement is terminated, wholly or partly, without being liable to pay any compensation.
15.2. Force majeure includes, inter alia: illness of employees, business interruption, defective materials, shortage of raw materials, transport difficulties, rioting, strikes, lock-outs, measures arising from mobilisation, war risk, acts of war, government measures. The foregoing also applies in the event that the manufacturer or third party with which we placed the order concerned faces these difficulties.
15.3. In the event that the Seller, in the aforementioned circumstances or events, has already fulfilled some of its contractual obligations, or is able to meet the contractual obligations in part only, the Seller is entitled to invoice the delivered and/or deliverable part separately and the Purchaser shall pay this invoice as if it pertained to a separate agreement.

16. ANTI-CORRUPTION
16.1 As part of the agreement Purchaser shall guarantee Seller that it shall act according to ethical criteria and refrain from bribery and money laundering in each country in which Purchaser and Seller conduct trade.
16.2. Purchaser shall guarantee that products, software or technology shall not be (re) sold or exported in violation with the following laws: the U.S. Export Administration Regulations, the U.S. International Traffic in Arms Regulations (ITAR), the provisions of the Chemical Weapons Convention, US, sanctions and embargoes administered by the U.S. department of Treasury and Non- U.S. export control laws and regulations.
16.3. Purchaser shall guarantee that the products obtained from Seller shall not be applied for nuclear explosive activities.
16.4. Purchaser shall recognise that Seller shall refrain from participation in or support to international boycotts of certain countries, if they have not been approved by the government of the U.S. and/or The Netherlands.
16.5. Purchaser – and also his employees – shall guarantee that no payments and/or gifts are made to government bodies as part of the agreement in order to exert influence and/or obtain benefits.

17. SETTLEMENT OF DISPUTES
The District Court of the place where the Seller has its corporate seat has exclusive jurisdiction to hear actions, except in the event that the Subdistrict Court (kantongerecht) has jurisdiction. Nevertheless, the Seller is entitled to summon the other party to appear before the District or Subdistrict Court that, in accordance with the law, has jurisdiction to hear the case.

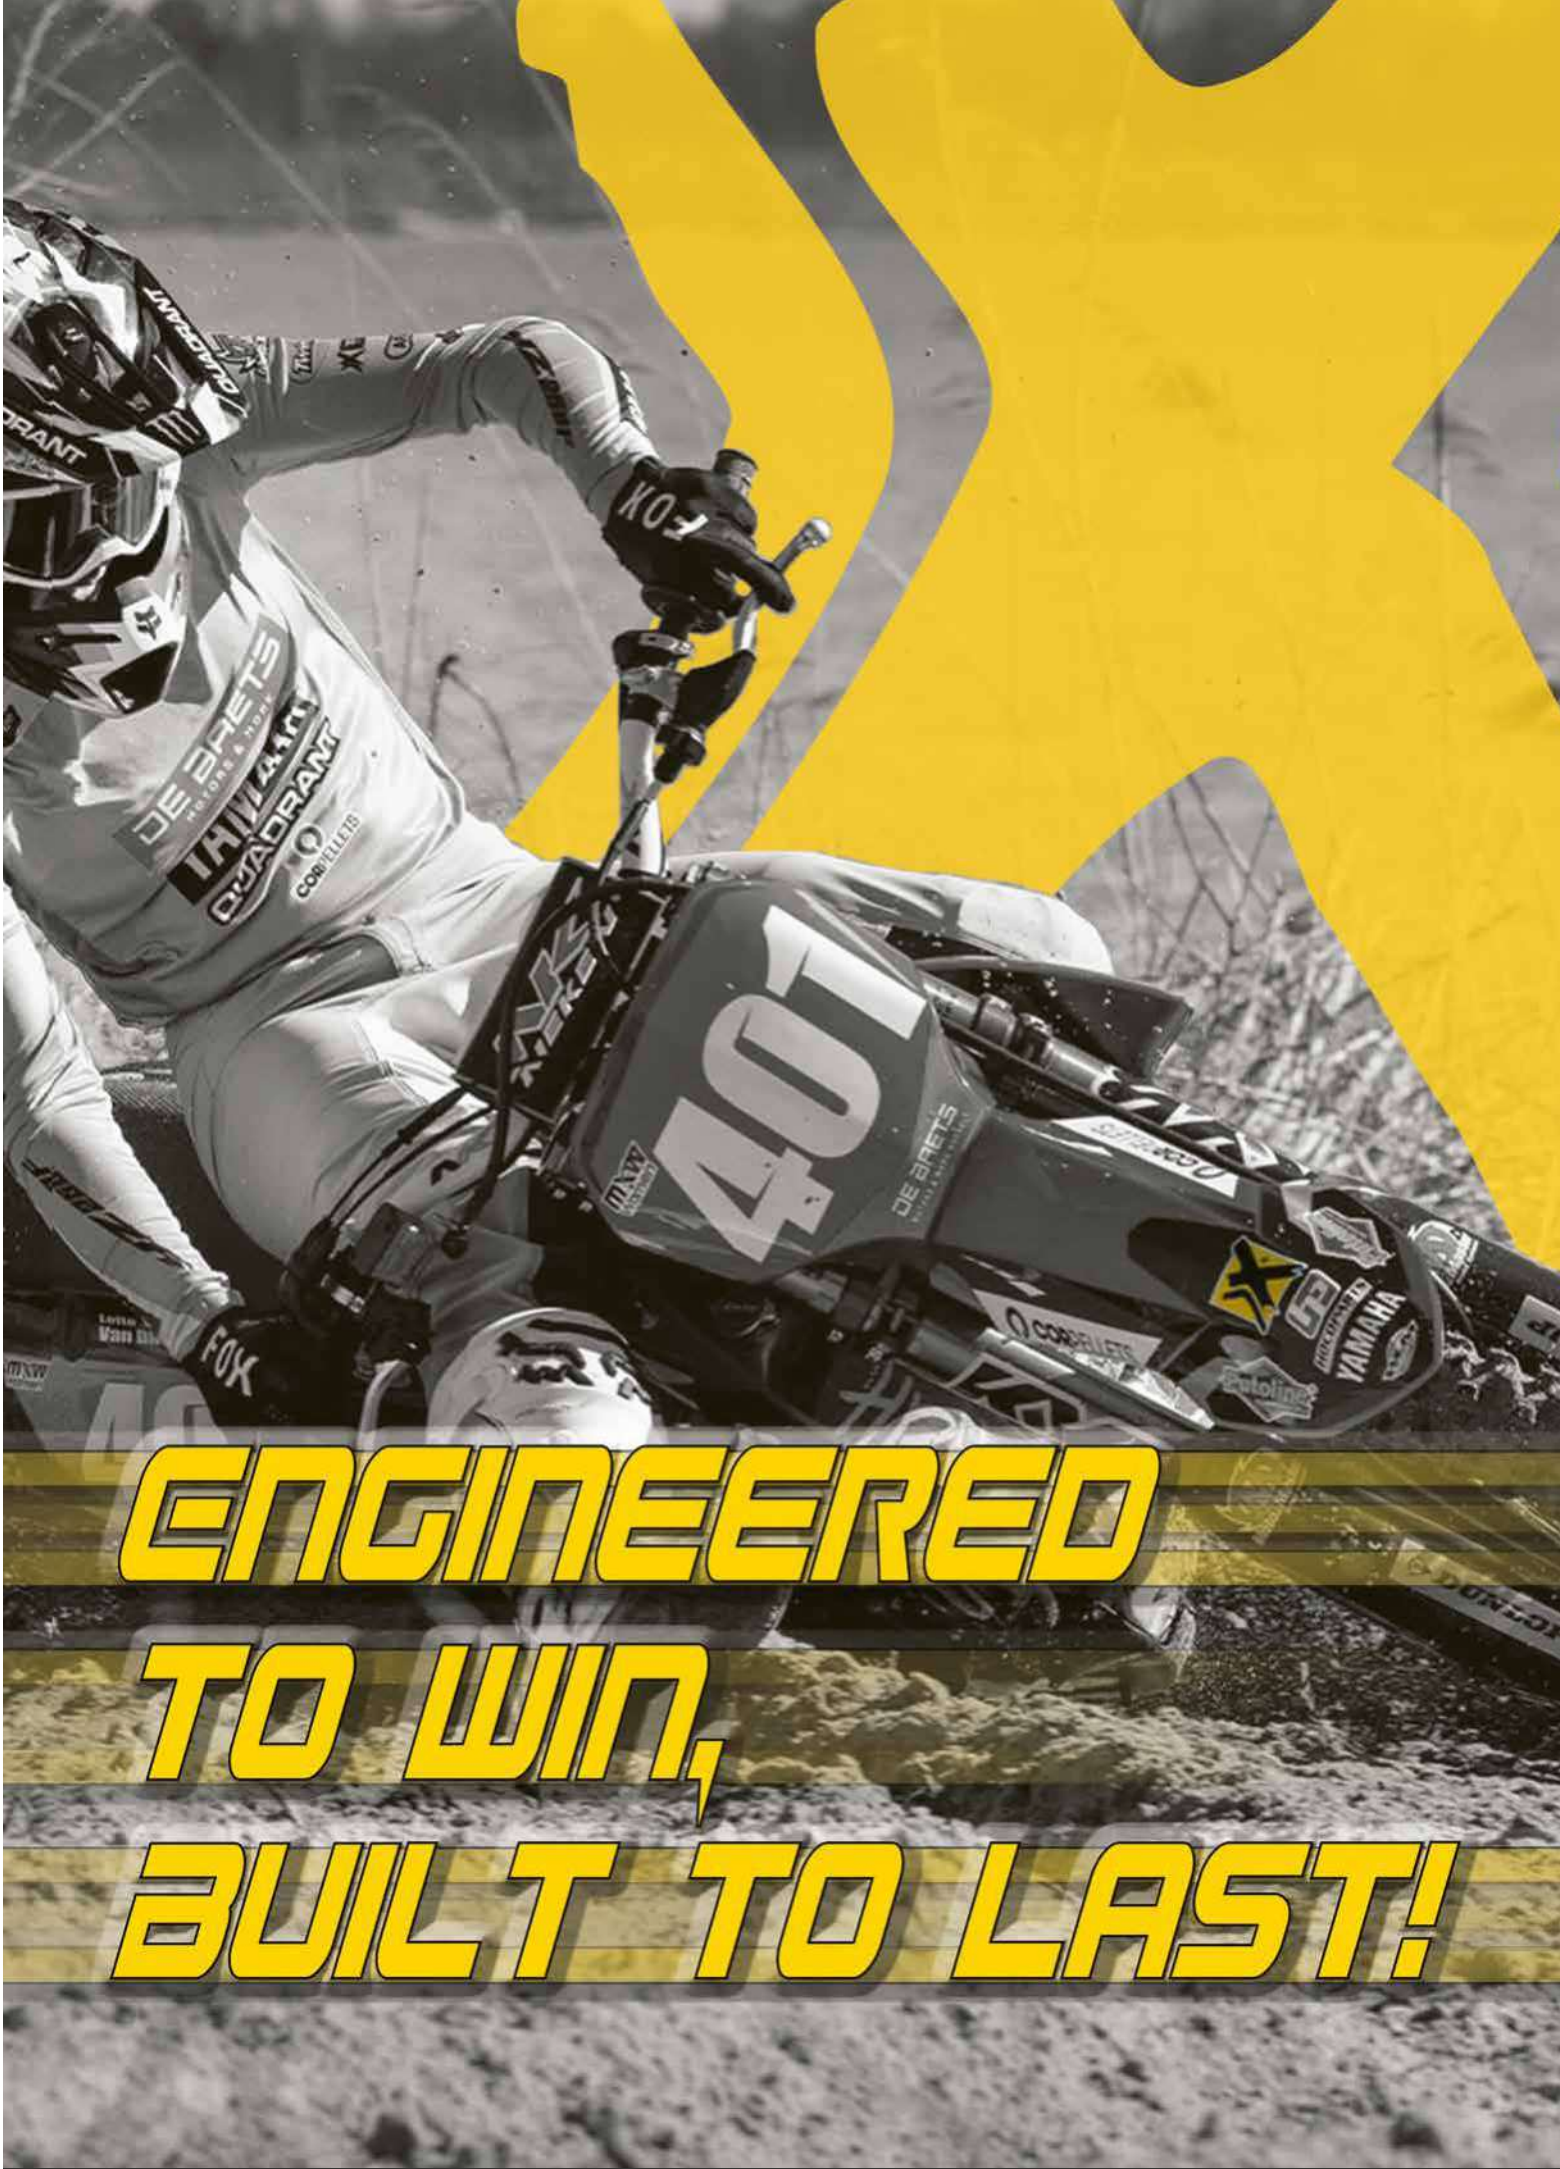

18. APPLICABLE LAW
Any agreement concluded between the Seller and the Purchaser shall be governed by the Laws of the Netherlands. The Vienna Sales Convention (CISG) is explicitly excluded.

19. GENERAL TERMS AND CONDITIONS OF SALE
These general terms and conditions of sale take precedence over the general terms and conditions used by the Purchaser; alterations with respect to these terms and conditions must be agreed upon in writing.

20. FINAL STIPULATION
By the placement of an order, the Purchaser agrees to these terms and conditions of sale.

21. AMENDMENTS AND LOCATION OF THE TERMS AND CONDITIONS
These terms and conditions have been filed under number 34044331 with the Chamber of Commerce for AMSTERDAM, The Netherlands.
The latest version that has been filed, or the version in force at the time when a particular transaction is entered into, shall always apply.
